Our Foreign Exchange Student

Christer

"I shall pass through life but once. Let me show kindness now as I shall not pass this way again."

This year our exchange student is from Malmo, Sweden. His name is Christer Abrahamsson and he is eighteen years of age.

He has many interests, one of which is sports. Christer has participated in senior high soccer and also enjoys scuba diving, hiking, and fishing.

Since his arrival to the United States, Chris has become interested in photography. He has been a member of this year's yearbook staff and has helped contribute many of the candid pictures in this yearbook.

Christer has many plans concerning his future. Since he is very interested in the sea, he thinks that he would like to join the navy and eventually become captain of his own ship. He also has a wide interest in piloting.

Chris has gathered various information about both of these occupations from the United States, and is seriously thinking of a return trip to the United States sometime in the future.

We have all enjoyed his visit here and were very happy that Christer was selected to come to our school.
